News Release

For Immediate Release

5 Area towns have received a SMART (Speed Monitoring And Recording Trailer) through a State of Connecticut DOT grant. The regional trailer will be used throughout the 5 towns to monitor and record speeds of vehicles on the town roadways. Mrs Margart Haragey, the Hampton 1st Selectwoman spearheaded this program.

Lt. Guillot, Commanding Officer of Troop-D Danielson advised that the trailer can used to monitor roads to determine if problems such as speeding exists. By using the trailer to monitor speeds of vehicles on roadways, Lt. Guillot noted that he could more effectively deploy Troopers to engage in motor vehicle enforcement in the towns.

The SMART trailer will be housed within the 5 town's highway garages on a rotating basis, and repairs, if any will be divided equally through the towns. Troopers from C.S.P.-D, Danielson will be able to deploy the trailer, and will forward the captured data to the town halls.

Towns who have entered into this program are; Hampton, Scotland, Canterbury, Eastford and Pomfret
